

The Niverville Heritage Centre would be pleased to host your next corporate event. We take all the work of planning out of your hands. Whether your guests are arriving from the city or the rural Manitoba area, our location makes us a convenient destination. Take a 25 minute scenic drive from Winnipeg or Steinbach to Niverville. Once you have seen our banquet hall and conference centre, you will understand why we have become the most desirable facility in southeastern Manitoba.

We have a very versatile facility, capable of hosting many types of events. Our banquet hall is a spacious 7700 sq. ft. We can also downsize this space to 3850 sq. ft. for smaller events. Our board rooms are suitable for meetings from 5 to 16 people, and meals can be served in all of our rooms.

All of the sound and multi-media equipment you will need is available for a small rental fee. Our multi-piece stage can be moved to any area in the room to best suit your event. Room décor is always included with your event.

No matter what time of day you want to meet, our kitchen staff will prepare a delicious meal for you. We have a new chef who has created an appetizing menu for your event. Choices include hearty breakfasts, light lunches, and tasty dinners. Coffee breaks are supplied with delicious pastries

The staff is equipped to help you with all your planning and will set up your event to your specifications. When you arrive, you will be met by a friendly hostess who will look after all the last minute details of your event to ensure that everything goes as planned. At the end of the day, you can relax while we take care of all the clean-up.

Whether you are planning a business conference, trade show, awards night, customer appreciation luncheon, or staff party, we have the expertise to help you plan your next business conference or spectacular affair. Please consider the Niverville Heritage Centre when booking your next business event.

Have a great day!

Dawn Schmidt
Corporate and Community Event Coordinator
Niverville Heritage Centre
